PROFESSIONAL SUMMARY

Motivated Information Technology student with knowledge of Python and SQL. Possess strong problem-solving abilities and logical thinking skills with a structured approach to learning and development. Good communication skills, adaptable to new environments, and a quick learner seeking opportunities to grow and contribute in a professional organization.

EDUCATION

Bachelor of Technology (Information Technology) Sridevi Women's Engineering College, Hyderabad	CGPA: 8.4 2022–2026
Higher Secondary Education (MPC) Sri Chaitanya College, Hyderabad	CGPA: 8.45 2020–2022
SSC Maharshi Vidyalaya High School, Mahabubabad	CGPA: 10 2019–2020

TECHNICAL SKILLS

Programming & Query Languages: Python, SQL
Core Concepts: Data Structures and Algorithms, DBMS
Tools & Technologies: MS Excel, Power BI
Web Technologies: HTML, CSS

PROJECTS

Secure Data Deduplication with Dynamic Access Control for Mobile Cloud Storage

- Developed AC-Dedup framework using Mixed Message-Locked Encryption (MMLE) and Attribute-Based Encryption (ABE) for secure cloud data deduplication.
- Implemented dynamic re-encryption to prevent key-retaining and stub-retaining attacks while ensuring fine-grained access control.

Audio to Sign Language Translator (Python)

- Built a speech-to-sign conversion system using NLP and gesture mapping.
- Implemented real-time speech recognition to enhance accessibility.

CERTIFICATIONS

- Certified JavaScript Course – Cisco
- Python Programming Internship Certificate – InternPe

WORKSHOPS

- Artificial Intelligence and ChatGPT Tools for Healthcare (Machine Learning & NLP)

EXTRA-CURRICULAR ACTIVITIES

- CodeCrunch Coding Competition – Problem Solving and DSA
- Graduation Day Event Volunteer – Coordination and Management
- Editopia Competition – Creative Editing and Photography
